

CORY LAURENT

Molecular chemistry student

PROFILE

Student in Molecular chemistry, I am aiming for Research in organic synthesis. I mostly enjoy being in the labs as practical work on the field is what I like. Curiosity-driven and hardworking, I work well on a team and on my own.

5 Place de chouanville,
Marcoussis 91460, France

LANGUAGES

French (Native)

English (Fluent)

FORMATION

M2 Master's Double degree
Transition Metal in Molecular
Chemistry (In progress, Dijon)

M1 Master's Double degree T2MC
(Prague 2021)

Bachelor's in Technical sciences
(Dijon, 2020)

SOFTWARE

Microsoft Word

Excel

Topspin

Mestrenova

PROFESSIONAL EXPERIENCE

INTERNSHIPS

- 6 months in synthesis and characterization of new selenodiazine heterocyclic compounds in UCY (University of Cyprus, Started January 2022, ongoing)

- 6 months in new flavin and deazaflavin synthesis in UCT Prague (University of Chemistry and Technology 2021)

- 2 weeks in organic ligand synthesis in UB (University de Bourgogne 2020)

OTHER

- 5 weeks volunteer in Habitat for Humanity in London (Ontario, Canada). (Customer service, warehouse logistics, manual work.. 2015)
- Hobbies include travelling and handball. (French National -17 team 2014, Tremblay-en-France 2016-2018, Dijon Métropole Handball 2018-2020)
